

Unclaimed Capital Credits

Cooperatives like Cass County Electric are not-for-profit businesses that operate for the benefit of their members. We don't deal out cash to faceless investors at the end of the quarter or year. If you pay your electric bill from us each month, YOU are one of our investors. In fact, after a period of time, we give money back to you in the form of capital credits. And guess what—that makes you an owner.

In 2017, CCEC directors approved the return of \$1.4 million in capital credits to members who purchased electricity in 1992-1993. Capital credits are issued in the spring. This is a list of individuals whose capital credit checks were returned or uncashed. If you recognize a name, please let the individual know they have a check waiting for them and can call CCEC at 1.800.248.3292 to claim it.

Additionally, a searchable database of unclaimed capital credits from previous years can be located at kwh.com/capital-credits.
